

# GREENBURGH ELEVEN UFSD

## FALL 2021 REOPENING INFORMATION

At Greenburgh Eleven UFSD, our primary commitment is to the students and families we serve. Our priority must be keeping them safe. When the 2021-2022 school year begins, on-campus school will look much different than previous years due to COVID-19 and the health and safety measures that continue to evolve. The District will continue to align with the regulations developed by the NYSDOH and the NYS Education Department.

The areas outlined in the plan represent the myriad considerations Greenburgh Eleven will address to safely operate our school building. It is important to note that our plan retains a strong focus on academic instruction to enhance student performance and address learning loss. An emphasis on the social-emotional needs of our students is a priority and therefore have been addressed within our plan.

This plan includes procedures that will be followed in the following schools: Greenburgh Eleven Elementary, Greenburgh Eleven Middle, and Greenburgh Eleven High School.

To be clear, the health and safety of our students, our staff, and their families is our top priority. We will continue the implementation of our plan to ensure that students and employees feel comfortable and safe in our school building. The plan incorporates recommendations and guidance from the [Centers for Disease Control and Prevention \(CDC\)](#), the [New York State Department of Health \(NYSDOH\)](#) and the [New York State Education Department \(NYSED\)](#).

All things considered, it is possible that we may need to alternate between in-person and remote learning throughout the year due to recommendations and guidance from our partnering agencies, or stay-at-home orders from the Governor. The level of infection, the spread of the virus and response to the disease in our community will be at the forefront of decision making as we engage throughout the year.

Elton Thompson, Superintendent and Stacy Phillip-Miller, Principal, will serve as the district's COVID-19 Coordinators. They will serve as a central contact for schools and stakeholders, families, staff and other school community members and will ensure the district is in compliance and following the best practices per state and federal guidelines.

Of course, as with every plan being developed throughout New York State, this document is fluid and will change as necessary based on guidance from the state, CDC, and NYSED and in consideration of our families and our staff. We strongly believe the services described throughout this plan are in the best interests of our students, families, staff, and community.

# Prevent the spread of COVID-19 if you are sick

Accessible version: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/steps-when-sick.html>

If you are sick with COVID-19 or think you might have COVID-19, follow the steps below to care for yourself and to help protect other people in your home and community.

## Stay home except to get medical care.

- **Stay home.** Most people with COVID-19 have mild illness and are able to recover at home without medical care. Do not leave your home, except to get medical care. Do not visit public areas.
- **Take care of yourself.** Get rest and stay hydrated. Take over-the-counter medicines, such as acetaminophen, to help you feel better.
- **Stay in touch with your doctor.** Call before you get medical care. Be sure to get care if you have trouble breathing, or have any other emergency warning signs, or if you think it is an emergency.
- **Avoid public transportation, ride-sharing, or taxis.**
